1. The following is an examiner's statement of reasons for allowance: withdrawal of prior art rejection of former claims 1-12, 22 and 23 in view of applicant's persuasive arguments relating to the claimed first and second coiled structures, and the second coiled structure having a coil density of at least 95%, which is not disclosed or taught by the prior art being relied upon. As to formerly withdrawn method claims 13-21 and 24, these claims are now in the condition for allowance since method claims 13-21 and 24 now depend upon product claim 1.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
